

Give a Hug

...Hugging is healthy: it helps your body's immune system, it keeps you healthier, it cures depression, it reduces stress, it induces sleep, it's invigorating, it's rejuvenating, it has no unpleasant side effects, and it's nothing less than a miracle drug.

...Hugging is practically perfect: no movable parts, no batteries to wear out, no periodic checkups, low energy consumption, high energy yield, inflation-proof, non-fattening, theftproof, nontaxable, nonpolluting and, of course, fully refundable.
